#### NOTICE

#### PLEASE READ CAREFULLY

- 1. This list is intended for Nurserymen, Landscape Architects, Florists and Dealers, who are in the market for nursery stock in quantity.
- 2. The stock herein offered is strictly first-class in all respects, all nursery grown, and every tree, shrub, plant and vine, has been transplanted, all shade trees twice, all evergreens three times.
- 3. We will supply five at the ten rate, and fifty at the hundred rate; but we cannot furnish long lists of varieties, two or three of a sort, either at the hundred or ten rate.
- 4. We commence shipping about April 1st in the spring, continuing until May 15th or 20th; and in the fall about October 1st, continuing until the ground freezes.
- 5. All varieties of evergreen can be transplanted with safety in April or May, and most varieties of evergreens can be transplanted with safety in August or September.
- 6. We never substitute unless authorized to do so by the purchaser. In case we are sold out of the variety ordered, the customer is notified at once.
- 7. To avoid misunderstanding, purchasers should be careful in ordering to state size. 1 to 2 ft., 2 1-2 to 3 ft., 3 to 4 ft., etc., just as noted in list.
- 8. Purchasers will please give explicit shipping directions. State in all cases whether you want your goods by freight or express. When no special mode of conveyance is mentioned, we will forward according to our best judgment, but we cannot assume any responsibility after the goods are delivered to the forwarders.
- 9. We pack carefully in boxes and bales, using damp moss to protect the roots, for which a charge will be made sufficient to cover cost.
- 10. Terms cash, except to reliable parties we are glad to allow until June 1st on spring "ills and December 1st on fall bills. All spring bills remaining unpaid June 1st and fall bills December 1st will be subject to sight draft without further notice, unless special arrangements are made.
- 11. We will not ship any stock, or accept orders from unknown parties, without cash in advance, satisfactory reference or security of some sort. On receiving orders from parties who have no commercial rating, but accompanied by reference, we will at once communicate with the reference, and if satisfactory reply is received, the plants will be shipped.
- 12. All claims for deficiencies or errors of whatever nature, should be made immediately upon receipt of stock, so that the same may be rectified without delay.
- 13. We will not send goods by express C. O. D. unless at least twenty-five per cent. of the amount of order accompanies same as a guaranty.
- 14. Express or freight charges will be prepaid when so directed and the amount added to the bill. We will ship stock on the day specified, if possible, but it will help us greatly to have a few days' notice before the goods are to be shipped. Early orders are always preferred.

#### IRIS

The Iris is undoubtedly one of the most useful and beautiful groups of hardy plants. They are admirably adapted for planting in the herbaceous garden or border, on margins of water and as edging for shrubbery.

#### ALPINE IRIS. New Hybrids

A new race of hardy, early-flowering Iris suitable for edging, rockwork, etc. Large fragrant flowers for table decoration, small vases or bowls Blooms from March to May. 6 to 10 inches. Named varieties: 25c each; \$2.00 per 10; \$15.00 per 100.

NOTE—Where the description is similar, the flowers either bloom at different times, or are quite distinct. S. signifies standards, or the erect petals; F., falls, or the drooping petals.

Adelaide-Bluish white; 8 in.

Alida-Good white

Aureole—Canary

Beatrice-S., fawn; F., pale yellow; 9 in.

Clothilde-Purple, dwarf, open flower

Charmer-Light cream

Diana-Sulphur-white

Elfrida-Yellow-orange-red

Evelyn-Sulphur, orange beard

Meteor-Good; purple

Othello-Purple, bronze and orange

Obelisque—Rich deep purple

Rosalie-Claret; 9 in.

Victor-Dwarf white, large flower

10 100

IRIS cristata, light blue . . . . . . . . . . . . . . . . . . 1 50 12 00

#### GERMAN IRIS

#### Iris Germanica

This class of Iris is particularly adapted for the wild garden, shrubbery border, or any well-drained garden soil. They bloom early and their variety of color is infinite. They are very useful for cutting, the buds opening rapidly in water.

We have thousands of the following, all of the best selected varieties, to offer.

Price: \$1.00 per 10; \$8.00 per 100.

We will be pleased to quote special prices in large quantities.

Note. S signifies standards, or the erect petals; F falls, or the drooping petals.

Ada—S, white suffused lavender on upper half, yellow on lower half, veined lavender; F, white, edged and veined blue on the limb, base veined brown, tinted yellow on the border, tips of falls crimped.

Agamemnon—S pale lavender, flecked and veined blue; F. white, flecked and penciled blue on the border.

Admiral Togo-White, faintly tinted lavender; F and S lightly bordered purple; of the habit of Mad. Chereau.

Augustina—S, yellow; F, yellow and maroon.

Brooklyn.-S. lavender, yellow at the base; F, pale blue base veined brown on white ground, edged yellow, the whole flower splashed with dark blue.

Canary Bird-S, Canary-yellow; F. crimson-purple; very distinct.

Charlotte Patti-S, lemon-yellow; F, same color, veined reddish brown; dwarf.

Charles Dickens—S, blue; F, dark blue, suffused and veined dark violet; anthers white tipped yellow.

Count de St. Clair—S and F. white with well-defined blue border half an inch wide; 3 feet high; one of the best.

Darius—S, chrome-yellow; F, purple, margined pale yellow and reticulated white.

Flavescens -S and F, canary-yellow. One of the finest yellows.

Florentina—S and F, white, slightly flushed; free-blooming. Very fragrant. Early.

Florentina Blue-S and F, blue; free-bloomer and fragrant.

Garrick-S, lilac; F. dark violet blue.

Gen. Grant—S, pale lemon; F, purple, striped white on the lower half; narrowly bordered with lemon.

Gold Bound—S, yellow, suffused with old gold on the tips; F purple tipped, old gold with yellow base.

Hamlet-S, buff, shaded chocolate; F, deep purple.

Hector-S, dark blue; F. purple.

Herant—S, bright blue; F, much deeper in color. A beautiful broad-leaved sort; very early-flowering.

Hokanum—S, yellow, blotched with brown; F, rich purple, flecked with with white the middle striped white, base tinted yellow.

. Horatius.—S., buff, shaded blue; F., blue veined deeper blue and chocolate.

Johan De Witt-S., light lilac blue; F., purple.

L'Africaine-S., rosy purple; F., crimson, striped white.

**Leopold**—S., lavender, suffused purple, striped yellow at base; F., purple striped at base with brown and white; yellow anthers.

Lizzie-S., pure yellow; F., dark bronzy crimson, yellow and white striped.

Lord Macaulay—S., very broad, old gold; F., reddish crimson, striped yellow; good sized flower.

 $\label{eq:madameChereau-S} \textbf{Madame Chereau-S}. \ and \ F-, \ white, \ edged \ and \ feathered \ with \ violet \ and \ pale \ blue. \ \ Very \ free.$ 

Oroya-S., purple; F., purple, penciled white and mauve; limb purple, splashed with a darker shade.

Pauline-S., bright blue; F., dark blue.

**Pecutum** White bordered, light blue, tall and late. Similar to Count de St. Clair, but smaller in all its parts.

Queen of May -S., most delicate rosy pink.

Rebecca - S., golden yellow; F., yellow, splashed and veined golden brown.

Sir Robert Peel—S. pale blue; F., darker blue, penciled white on lower half; anthers white, tipped yellow.

Striata - S., pure yellow; F., white, with yellow border, penciled dark brown.

#### JAPANESE IRIS

#### Iris Kaempferi

A very important group of hardy Iris, quite distinct from any other. They are of strong, vigorous growth with very large single, double or semidouble flowers, beautifully colored. Well adapted for damp, sunny locations in loam or sandy soil.

Named varieties 25 cts. each; \$2.00 per 10; \$15.00 per 100.

Mixed 20 cts. each; \$1.50 per 10; \$10.00 per 100.

Alba plena Double white; very large.

Alida-Six petals; large, white, panicled with blue.

A. L. Sherwood-Three petals; purple, veined with white.

Bablyon - Reddish purple; very rich color; extra large flowers.

Beth Hellock-Large, double bluish purple flowers, striped white.

Blue Bird-Intense blue throughout; large and full.

Blue Danube-Pure rich blue, yellow center.

Commodore Perry-Very dark violet-red. Double; medium size.

Eclair-Very large, double, pure white flowers.

Gold Bound - Large, double white flowers, yellow center.

Harlequin-Whitish lavender; large.

Helen von Sieboldt-Deep pink, white lines.

Hyde Park-Reddish purple, botched with white.

Koki-no-iro - Light violet with white veins.

Mahogany-Dark red, shaded maroon; very distinct.

Navy-Blue - Rich, dark blue, yellow at base.

Ondine - Pure white, shaded with light blue towards the center. Flowers large and fine.

Oscar - Dark red chanigng to a very light color.

Painted Lady-White, richly suffused and striped with bright pink, very showy.

Paragon - Double, rich velvety purple.

Prof. Georgeson - Pure rich, purple plum, of mammoth size.

Purple Emperor — Very dark purple, yellow center; large flower and strong grower.

Pyramid—Six petals. Lilac-blue veined with white in center of petals; Turban No. 42—Single; da<sup>1</sup>k purple veined white, yellow at base of petals.

Turban No. 46-I)ouble; beautiful light blue and white; one of the best.

Venus-Pure white. A strong grower and free bloomer.

William Tell - White, veined with indigo.

Mixed Colors—These are made up of some of the best sorts, and where mass planting is required will give the greatest satisfaction.

# THREE PLANTS THAT SHOULD BE MORE EXTENSIVELY PLANTED, AND WOULD BE IF THEY WERE BETTER KNOWN

Euonymus alatus is a most desirable shrub, either for individuals, groups, or the background of large border plantings. With age it attains perfection in shape. It is a clean hardy shrub, the autumn coloring of which is gorgeous.

Euonymus obovatus is a low-growing, trailing shrub, that makes an excellent ground cover, that does well in shady places, where comparatively few shrubs will thrive.

Daphne cneorum, a dwarf, spreading, evergreen bush, a profuse bloomer, covering itself in June and July with beautiful pink, fragrant flowers, bearing a striking resemblance to the Mayflower, and flowering more or less during the entire season. It attains a height of from eight to twelve inches. It is most desirable for border planting of rhododendrons and other varieties of evergreen beds. We highly recommend Daphne cneorum.

# HOW TO REACH OUR NURSERIES FROM BOSTON

Trains leave South Union Station, twenty-five or more trains daily, for South Framingham; thence by Saxonville electric car one and one-half miles to within a few minutes' walk of our office.

The Boston & Worcester electric cars leave Park Square every fifteen minutes. Any Chestnut Hill or Brookline Village car will connect with South Framingham or Worcester cars—either of which pass near the entrance to our Nurseries.

We have put up a sign, "Framingham Nurseries," on the line of the Boston & Worcester, five minutes walk from our office, and have arranged with the company for a stopping place at that point. Parties coming from Boston way will notify the conductor on leaving Sunnyside; coming the other way—from Worcester—the conductor should be notified soon after leaving the Junction, at the corner of Eastern avenue and Concord street.

The running time between Boston and our Nurseries is about one hour and ten minutes The fare is twenty-three cents.

FRAMINGHAM NURSERIES
